

Ministry of Agriculture and Forestry – Approval to import animal toilet preparations

The Ministry of Agriculture and Forestry (MAF) has advised Customs that from 17 March 2011, biosecurity clearance will be required to import animal toilet preparations classified in tariff item 3307.90.01.19D.

This control is being put in place to ensure that these goods comply with the Agricultural Compounds and Veterinary Medicines Act 1997.

Any queries should be made to your nearest MAF office.
