

MAF – approval to import glass and asbestos waste

The Ministry of Agriculture and Forestry (MAF) has advised that from 1 September 2011 biosecurity clearance will be required to import:

- 'Cullet and other waste and scrap of glass; glass in the mass' classified in tariff item 7001.00.00.00H; and
- Asbestos waste imported from the Pacific Islands classified in tariff headings 6811, 6812 and 6813.

Approval is also required from the Environmental Protection Authority to import asbestos waste from any country.

Any queries should be made to your nearest MAF office.
